GIVE BACK

If your schedule allows, please join AHLA staff and the Public Interest Committee on Sunday, February 22 from 1:00-5:00 pm as we give back to the local New Orleans community. We will travel offsite for the afternoon to volunteer at a local child development center. We can take a maximum of 50 volunteers. Please sign up on the registration form on page 23, if you are interested in participating—volunteers are taken on a first come first serve basis. Additional details and waivers will be provided in advance. The group will be split into small groups based on ability to assist with improvement projects for the center. All materials and transportation to the site will be provided.

About The Site

Royal Castle Child Development Center opened in 1996 to provide low-income residents with affordable, quality child care. The center was closed from 2005-2007 post-Katrina after taking on 6’ of water. To date, the center has provided care for 2,000+ infants and toddlers, ages 6 weeks to 5 years old. By focusing on a holistic approach to education and care that encourages parental involvement and educates the entire family, Royal Castle helps children and families achieve long-term success. Consequently, they not only focus on the child’s development, but also on assisting the development of parents to start them on a path of continued involvement in their children’s education at home and in school.

Volunteers Will

❯❯ Organize the lending library
❯❯ Clean classrooms
❯❯ Stain outdoor decks
❯❯ Build and create an edible school yard
❯❯ Paint interior spaces

If you have any questions please contact Valerie Eshleman, veshleman@healthlawyers.org.

Sign-up on the registration form on page 23.
