

## Comparison of the current and final revisions to the Home Health Conditions of Participation

Significant changes are designated by \*\* underlined, and bolded. Where the condition or standard is \*\* and underlined, the entire condition or standard has been revised or is new.

<p><b>Subpart A – General provisions</b>                  484.1 Basis and scope                  484.2 Definitions                  484.4 Personnel Qualifications</p> <p><b>Subpart B - Administration</b>                  §484.10 Condition of Participation: Patient Rights                  §484.11 Condition of participation: Release of patient identifiable OASIS information.                  §484.12 Condition of Participation: Compliance With Federal, State and Local Laws, Disclosure and Ownership Information, and Accepted Professional Standards and Principles                  §484.14 Condition of Participation: Organization, Services, and Administration                  §484.16 Condition of Participation: Group of Professional Personnel                  §484.18 Condition of Participation: Acceptance of Patients, Plan of Care, and Medical Supervision                  §484.20 Condition of Participation: Reporting OASIS Information</p>	<p><b>Subpart A—General Provisions</b>                  484.1 Basis and scope.                  484.2 Definitions.</p> <p><b>Subpart B—Patient Care</b>                  §484.40 Condition of participation: Release of patient identifiable OASIS information.                  §484.45 Condition of participation: Reporting OASIS information.                  §484.50 Condition of participation: Patient rights.                  §484.55 Condition of participation: Comprehensive assessment of patients.                  §484.60 Condition of participation: Care planning, coordination of services, and quality of care.                  §484.65 Condition of participation: Quality assessment and performance improvement (QAPI).                  §484.70 Condition of participation: Infection prevention and control.                  §484.75 Condition of participation: Skilled professional services.                  §484.80 Condition of participation: Home health aide services.</p>
<p><b>Subpart – C Furnishing Services</b>                  §484.30 Condition of participation: Skilled nursing services.                  §484.32 Condition of participation: Therapy services.                  §484.34 Condition of participation: Medical social services.                  §484.36 Condition of participation: Home health aide services.                  §484.38 Condition of participation: Qualifying to furnish outpatient physical therapy or speech pathology services.                  §484.48 Condition of participation: Clinical records.                  §484.52 Condition of participation: Evaluation of the agency's program.                  §484.55 Condition of participation: Comprehensive assessment of patients.</p>	<p><b>Subpart C—Organizational Environment</b>                  §484.100 Condition of participation: Compliance with Federal, State, and local laws and regulations related to health and safety of patients.                  §484.102 Condition of participation: Emergency preparedness.                  §484.105 Condition of participation: Organization and administration of services.                  §484.110 Condition of participation: Clinical records.                  §484.115 Condition of participation: Personnel qualifications.</p>

<p><b>§484.1 Basis and scope</b>  (a) Basis and scope. This part is based on the indicated provisions of the following sections of the Act: (1) Sections 1861(o) and 1891 establish the conditions that an HHA must meet in order to participate in Medicare.  (2) Section 1861(z) specifies the Institutional planning standards that HHAs must meet.  (3) Section 1895 provides for the establishment of a prospective payment system for home health services covered under Medicare.  (b) This part also sets forth additional requirements that are considered necessary to ensure the health and safety of patients</p>	<p><b>§ 484.1 Basis and scope.</b>  (a) Basis. This part is based on:(1) Sections 1861(o) and 1891 of the Act, which establish the conditions that an HHA must meet in order to participate in the Medicare program and which, along with the additional requirements set forth in this part, are considered necessary to ensure the health and safety of patients; and  (2) Section 1861(z) of the Act, which specifies the institutional planning standards that HHAs must meet.  (b) Scope. The provisions of this part serve as the basis for survey activities for the purpose of determining whether an agency meets the requirements for participation in the Medicare program.</p>
<p><b>§484.2 Definitions</b>  As used in this part, unless the context indicates otherwise—  Bylaws or equivalent means a set of rules adopted by an HHA for governing the agency's operation.</p> <p><b>Branch office</b> means a location or site from which a home health agency provides services within a portion of the total geographic area served by the parent agency. The branch office is part of the home health agency and is located sufficiently close to share administration, supervision, and services in a manner that renders it unnecessary for the branch independently to meet the conditions of participation as a home health agency.</p> <p><b>Clinical note</b> means a notation of a contact with a patient that is written and dated by a member of the health team, and that describes signs and symptoms, treatment and drugs administered and the patient's reaction, and any changes in physical or emotional condition.  <b>HHA</b> stands for home health agency.</p> <p><b>Nonprofit agency</b> means an agency exempt from Federal income taxation under section 501 of the Internal Revenue Code of 1954.</p> <p><b>Parent home health agency</b> means the agency that develops and maintains administrative controls of subunits and/or branch offices.</p> <p><b>Primary home health agency</b> means the agency that is responsible for the services furnished to patients and for implementation of the plan of care.</p> <p><b>Progress note</b> means a written notation, dated and signed by a member of the health team, that summarizes facts about</p>	<p><b>§484.2 Definitions.</b>  As used in subparts A, B, and C, of this part—</p> <p><b>**Branch office</b> means an approved location or site from which a home health agency provides services within a portion of the total geographic area served by the parent agency. The parent home health agency must provide supervision and administrative control of any branch office. It is unnecessary for the branch office to independently meet the conditions of participation as a home health agency.  <u>"located sufficiently close" removed</u></p> <p>Clinical note means a notation of a contact with a patient that is written, timed, and dated, and which describes signs and symptoms, treatment, drugs administered and the patient's reaction or response, and any changes in physical or emotional condition during a given period of time.</p> <p><b>**In advance</b> means that HHA staff must complete the task prior to performing any hands-on care or any patient education.</p> <p><b>Parent home health agency</b> means the agency that provides direct support and administrative control of a branch.</p> <p><b>Primary home health agency</b> means the HHA which accepts the initial referral of a patient, and which provides services directly to the patient or via another health care provider under arrangements (as applicable).</p> <p><b>Proprietary agency</b> means a private, for-profit agency.</p> <p><b>Public agency</b> means an agency operated by a state or local government.</p>

<p>care furnished and the patient's response during a given period of time.</p> <p><b>Proprietary agency</b> means a private profit-making agency licensed by the State.</p> <p><b>Public agency</b> means an agency operated by a State or local government.</p> <p><b>Subdivision</b> means a component of a multi-function health agency, such as the home care department of a hospital or the nursing division of a health department, which independently meets the conditions of participation for HHAs. A subdivision that has subunits or branch offices is considered a parent agency.</p> <p><b>Subunit</b> means a semi-autonomous organization that—  (1) Serves patients in a geographic area different from that of the parent agency; and  (2) Must independently meet the conditions of participation for HHAs because it is too far from the parent agency to share administration, supervision, and services on a daily basis.</p> <p><b>Summary report</b> means the compilation of the pertinent factors of a patient's clinical notes and progress notes that is submitted to the patient's physician.</p> <p><b>Supervision</b> means authoritative procedural guidance by a qualified person for the accomplishment of a function or activity. Unless otherwise specified in this part, the supervisor must be on the premises to supervise an individual who does not meet the qualifications specified in §484.4.</p>	<p><b>**Quality indicator</b> means a specific, valid, and reliable measure of access, care outcomes, or satisfaction, or a measure of a process of care.</p> <p><b>**Representative</b> means the patient's legal representative, such as a guardian, who makes health-care decisions on the patient's behalf, or a patient-selected representative who participates in making decisions related to the patient's care or well-being, including but not limited to, a family member or an advocate for the patient. The patient determines the role of the representative, to the extent possible.</p> <p><b>Subdivision</b> means a component of a multi-function health agency, such as the home care department of a hospital or the nursing division of a health department, which independently meets the conditions of participation for HHAs. A subdivision that has branch offices is considered a parent agency.</p> <p><b>Summary report</b> means the compilation of the pertinent factors of a patient's clinical notes that is submitted to the patient's physician.</p> <p><b>**Supervised practical training</b> means training in a practicum laboratory or other setting in which the trainee demonstrates knowledge while providing covered services to an individual under the direct supervision of either a registered nurse or a licensed practical nurse who is under the supervision of a registered nurse.  <u>Moved from §484.36 Home health Services</u></p> <p><b>**Verbal order</b> means a physician order that is spoken to appropriate personnel and later put in writing for the purposes of documenting as well as establishing or revising the patient's plan of care.</p>
<p><b>§484.4 Condition of Participation: Personnel Qualifications</b>  Staff required to meet the conditions set forth in this part are staff who meet the qualifications specified in this section.</p> <p><b>Administrator</b>, home health agency. A person who:(a) Is a licensed physician; or (b) Is a registered nurse; or (c) Has training and experience in health service administration and at least 1 year of supervisory or administrative experience in home health care or related health programs.</p> <p><b>Audiologist</b>. A person who: (a) Meets the education and experience requirements for a Certificate of Clinical Competence in audiology granted by the American Speech-Language-Hearing Association; or</p>	<p><b>§484.115 Condition of participation: Personnel qualifications.</b>  HHA staff are required to meet the following standards:</p> <p><b>(a) Standard: Administrator</b>, home health agency. (1) For individuals that began employment with the HHA prior to July 13, 2017, a person who:  (i) Is a licensed physician;  (ii) Is a registered nurse; or  (iii) Has training and experience in health service administration and at least 1 year of supervisory administrative experience in home health care or a related health care program.</p> <p><b>** (2) For individuals that begin employment with an HHA on or after July 13, 2017, a person who:</b></p>

<p>(b) Meets the educational requirements for certification and is in the process of accumulating the supervised experience required for certification.</p> <p><b>Home health aide.</b> Effective for services furnished after August 14, 1990, a person who has successfully completed a State-established or other training program that meets the requirements of §484.36(a) and a competency evaluation program or State licensure program that meets the requirements of §484.36 (b) or (e), or a competency evaluation program or State licensure program that meets the requirements of §484.36 (b) or (e). An individual is not considered to have completed a training and competency evaluation program, or a competency evaluation program if, since the individual's most recent completion of this program(s), there has been a continuous period of 24 consecutive months during none of which the individual furnished services described in §409.40 of this chapter for compensation.</p> <p><b>Occupational therapist.</b> A person who—(a)(1) Is licensed or otherwise regulated, if applicable, as an occupational therapist by the State in which practicing, unless licensure does not apply; 2) Graduated after successful completion of an occupational therapist education program accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association, Inc. (AOTA), or successor organizations of ACOTE; and (3) Is eligible to take, or has successfully completed the entry-level certification examination for occupational therapists developed and administered by the National Board for Certification in Occupational Therapy, Inc. (NBCOT). (b) On or before December 31, 2009— (1) Is licensed or otherwise regulated, if applicable, as an occupational therapist by the State in which practicing; or (2) When licensure or other regulation does not apply— (i) Graduated after successful completion of an occupational therapist education program accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association, Inc. (AOTA) or successor organizations of ACOTE; and (ii) Is eligible to take, or has successfully completed the entry-level certification examination for occupational therapists developed and administered by the National Board for Certification in Occupational Therapy, Inc., (NBCOT). (c) On or before January 1, 2008— (1) Graduated after successful completion of an occupational therapy program accredited jointly by the committee on Allied Health Education and Accreditation of the American Medical Association and the American Occupational Therapy Association; or (2) Is eligible for the National Registration Examination of the</p>	<p><b>(i) Is a licensed physician, a registered nurse, or holds an undergraduate degree; and</b> (ii) Has experience in health service administration, with at least 1 year of supervisory or administrative experience in home health care or a related health care program.</p> <p><b>(b) Standard: Audiologist.</b> A person who: (1) Meets the education and experience requirements for a Certificate of Clinical Competence in audiology granted by the American Speech- Language-Hearing Association; or (2) Meets the educational requirements for certification and is in the process of accumulating the supervised experience required for certification.</p> <p><b>** (c) Standard: Clinical manager. A person who is a licensed physician, physical therapist, speech-language pathologist, occupational therapist, audiologist, social worker, or a registered nurse.</b></p> <p><b>(d) Standard: Home health aide.</b> A person who meets the qualifications for home health aides specified in section 1891(a)(3) of the Act and implemented at §484.80.</p> <p><b>(e) Standard: Licensed practical (vocational) nurse.</b> A person who has completed a practical (vocational) nursing program, is licensed in the state where practicing, and who furnishes services under the supervision of a qualified registered nurse.</p> <p><b>(f) Standard: Occupational therapist.</b> A person who— (1)(i) Is licensed or otherwise regulated, if applicable, as an occupational therapist by the state in which practicing, unless licensure does not apply; (ii) Graduated after successful completion of an occupational therapist education program accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association, Inc. (AOTA), or successor organizations of ACOTE; and (iii) Is eligible to take, or has successfully completed the entry-level certification examination for occupational therapists developed and administered by the National Board for Certification in Occupational Therapy, Inc. (NBCOT). (2) On or before December 31, 2009— (i) Is licensed or otherwise regulated, if applicable, as an occupational therapist by the state in which practicing; or (ii) When licensure or other regulation does not apply— (A) Graduated after successful completion of an occupational therapist education program accredited by the accreditation Council for Occupational</p>

	<p><i>investigations</i></p> <p><b><u>** (f) Standard: Accessibility. Information must be provided to patients in plain language and in a manner that is accessible and timely to—</u></b></p> <p>(1) Persons with disabilities, including accessible Web sites and the provision of auxiliary aids and services at no cost to the individual in accordance with the Americans with Disabilities Act and Section 504 of the Rehabilitation Act.</p> <p>(2) Persons with limited English proficiency through the provision of language services at no cost to the individual, including oral interpretation and written translations.</p>
<p><b>§484.11 Condition of participation: Release of patient identifiable OASIS information.</b></p> <p>The HHA and agent acting on behalf of the HHA in accordance with a written contract must ensure the confidentiality of all patient identifiable information contained in the clinical record, including OASIS data, and may not release patient identifiable OASIS information to the public.</p>	<p><b>§484.40 Condition of participation: Release of patient identifiable OASIS information.</b> The HHA and agent acting on behalf of the HHA in accordance with a written contract must ensure the confidentiality of all patient identifiable information contained in the clinical record, including OASIS data, and may not release patient identifiable OASIS information to the public.</p>
<p><b>§484.12 Condition of participation: Compliance with Federal, State, and local laws, disclosure and ownership information, and accepted professional standards and principles.</b></p> <p><b>(a) Standard: Compliance with Federal, State, and local laws and regulations.</b> The HHA and its staff must operate and furnish services in compliance with all applicable Federal, State, and local laws and regulations. If State or applicable local law provides for the licensure of HHAs, an agency not subject to licensure is approved by the licensing authority as meeting the standards established for licensure.</p> <p><b>(b) Standard: Disclosure of ownership and management information.</b> The HHA must comply with the requirements of part 420, Subpart C of this chapter. The HHA also must disclose the following information to the State survey agency at the time of the HHA's initial request for certification, for each survey, and at the time of any change in ownership or management:</p> <p>(1) The name and address of all persons with an ownership or</p>	<p><b>§ 484.100 Condition of participation: Compliance with Federal, State, and local laws and regulations related to the health and safety of patients.</b> The HHA and its staff must operate and furnish services in compliance with all applicable federal, state, and local laws and regulations related to the health and safety of patients. If state or local law provides licensing of HHAs, the HHA must be licensed.</p> <p><b>(a) Standard: Disclosure of ownership and management information.</b> The HHA must comply with the requirements of part 420 subpart C, of this chapter. The HHA also must disclose the following information to the state survey agency at the time of the HHA's initial request for certification, for each survey, and at the time of any change in ownership or management:</p> <p>(1) The names and addresses of all persons with an ownership or controlling interest in the HHA as defined in § 420.201, § 420.202, and § 420.206 of this chapter.</p> <p>(2) The name and address of each person who is an officer, a</p>

<p>control interest in the HHA as defined in §§420.201, 420.202, and 420.206 of this chapter.</p> <p>(2) The name and address of each person who is an officer, a director, an agent or a managing employee of the HHA as defined in §§420.201, 420.202, and 420.206 of this chapter.</p> <p>(3) The name and address of the corporation, association, or other company that is responsible for the management of the HHA, and the name and address of the chief executive officer and the chairman of the board of directors of that corporation, association, or other company responsible for the management of the HHA.</p> <p><b>(c) Standard: Compliance with accepted professional standards and principles.</b> The HHA and its staff must comply with accepted professional standards and principles that apply to professionals furnishing services in an HHA.</p>	<p>director, an agent, or a managing employee of the HHA as defined in § 420.201, § 420.202, and § 420.206 of this chapter.</p> <p>(3) The name and business address of the corporation, association, or other company that is responsible for the management of the HHA, and the names and addresses of the chief executive officer and the chairperson of the board of directors of that corporation, association, or other company responsible for the management of the HHA.</p> <p><b>(b) Standard: Licensing.</b> The HHA, its branches, and all persons furnishing services to patients must be licensed, certified, or registered, as applicable, in accordance with the state licensing authority as meeting those requirements.</p> <p><b>(c) Standard: Laboratory services.</b> (1) If the HHA engages in laboratory testing outside of the context of assisting an individual in self-administering a test with an appliance that has been cleared for that purpose by the Food and Drug Administration, the testing must be in compliance with all applicable requirements of part 493 of this chapter. <b><u>**The HHA may not substitute its equipment for a patient’s equipment when assisting with self-administered tests.</u></b></p> <p style="text-align: center;"><i>--- Replaces standard for Laboratory Services currently under §484.14(j)</i></p> <p>(2) If the HHA refers specimens for laboratory testing, the referral laboratory must be certified in the appropriate specialties and subspecialties of services in accordance with the applicable requirements of part 493 of this chapter.</p>
<p><b>§484.14 Condition of participation: Organization, services, and administration.</b></p> <p>Organization, services furnished, administrative control, and lines of authority for the delegation of responsibility down to the patient care level are clearly set forth in writing and are readily identifiable. Administrative and supervisory functions are not delegated to another agency or organization and all services not furnished directly, including services provided through subunits are monitored and controlled by the parent agency. If an agency has subunits, appropriate administrative records are maintained for each subunit.</p> <p><b>(a) Standard: Services furnished.</b> Part-time or intermittent skilled nursing services and at least one other therapeutic service (physical, speech, or occupational therapy; medical social services; or home health aide services) are made available on a visiting basis, in a place of residence used as a patient's home. An HHA must provide at least one of the qualifying services directly through agency employees, but</p>	<p><b>§484.105 Condition of participation: Organization and administration of services.</b></p> <p>The HHA must organize, manage, and administer its resources to attain and maintain the highest practicable functional capacity, including providing optimal care to achieve the goals and outcomes identified in the patient’s plan of care, for each patient’s medical, nursing, and rehabilitative needs. The HHA must assure that administrative and supervisory functions are not delegated to another agency or organization, and all services not furnished directly are monitored and controlled. The HHA must set forth, in writing, its organizational structure, including lines of authority, and services furnished.</p> <p><b>(a) Standard: Governing body.</b> A governing body (or designated persons so functioning) must assume full legal authority and responsibility for the agency’s overall management and operation, the provision of all home health services, fiscal operations, review of the agency’s budget and its operational plans, and <b><u>**its quality assessment and performance improvement program.</u></b></p>

<p>may provide the second qualifying service and additional services under arrangements with another agency or organization.</p> <p><b>(b) Standard: Governing body.</b> A governing body (or designated persons so functioning) assumes full legal authority and responsibility for the operation of the agency. The governing body appoints a qualified administrator, arranges for professional advice as required under §484.16, adopts and periodically reviews written bylaws or an acceptable equivalent, and oversees the management and fiscal affairs of the agency.</p> <p><b>(c) Standard: Administrator.</b> The administrator, who may also be the supervising physician or registered nurse required under paragraph (d) of this section, organizes and directs the agency's ongoing functions; maintains ongoing liaison among the governing body, the group of professional personnel, and the staff; employs qualified personnel and ensures adequate staff education and evaluations; ensures the accuracy of public information materials and activities; and implements an effective budgeting and accounting system. A qualified person is authorized in writing to act in the absence of the administrator.</p> <p><b>(d) Standard: Supervising physician or registered nurse.</b> The skilled nursing and other therapeutic services furnished are under the supervision and direction of a physician or a registered nurse (who preferably has at least 1 year of nursing experience and is a public health nurse). This person, or similarly qualified alternate, is available at all times during operating hours and participates in all activities relevant to the professional services furnished, including the development of qualifications and the assignment of personnel.</p> <p><b>e) Standard: Personnel policies.</b> Personnel practices and patient care are supported by appropriate, written personnel policies. Personnel records include qualifications and licensure that are kept current.</p> <p><b>(f) Standard: Personnel under hourly or per visit contracts.</b> If personnel under hourly or per visit contracts are used by the HHA, there is a written contract between those personnel and the agency that specifies the following:</p> <p>(1) Patients are accepted for care only by the primary HHA.</p> <p>(2) The services to be furnished.</p> <p>(3) The necessity to conform to all applicable agency policies, including personnel qualifications.</p>	<p><b>** (b) Standard: Administrator.</b> (1) The administrator must:</p> <p>(i) Be appointed by and report to the governing body;</p> <p>(ii) Be responsible for all day-to-day operations of the HHA;</p> <p>(iii) Ensure that a clinical manager as described in paragraph (c) of this section is available during all operating hours;</p> <p>(iv) Ensure that the HHA employs qualified personnel, including assuring the development of personnel qualifications and policies.</p> <p>(2) When the administrator is not available, a qualified, pre-designated person, who is authorized in writing by the administrator and the governing body, assumes the same responsibilities and obligations as the administrator. The pre-designated person may be the clinical manager as described in paragraph (c) of this section.</p> <p>(3) The administrator or a pre-designated person is available during all operating hours.</p> <p><b>** (c) Clinical manager.</b> One or more qualified individuals must provide oversight of all patient care services and personnel. Oversight must include the following—</p> <p>(1) Making patient and personnel assignments,</p> <p>(2) Coordinating patient care,</p> <p>(3) Coordinating referrals,</p> <p>(4) Assuring that patient needs are continually assessed, and</p> <p>(5) Assuring the development, implementation, and updates of the individualized plan of care.</p> <p>-- <i>new designation replaces the standard for the Supervising physician or registered nurse</i></p> <p><b>** (d) Standard: Parent-branch relationship.</b> (1) The parent HHA is responsible for reporting all branch locations of the HHA to the state survey agency at the time of the HHA's request for initial certification, at each survey, and at the time the parent proposes to add or delete a branch.</p> <p>(2) The parent HHA provides direct support and administrative control of its branches.</p> <p>--<i>subunit designation eliminated, only allows branches and parent home health agencies</i></p> <p><b>(e) Standard: Services under arrangement.</b> (1) The HHA must ensure that all services furnished under arrangement provided by other entities or individuals meet the requirements of this part and the requirements of section 1861(w) of the Act (42 U.S.C. 1395x (w)).</p> <p>(2) An HHA must have a written agreement with another agency, with an organization, or with an individual when that entity or individual furnishes services under arrangement to</p>
--	--

<p>(4) The responsibility for participating in developing plans of care.</p> <p>(5) The manner in which services will be controlled, coordinated, and evaluated by the primary HHA.</p> <p>(6) The procedures for submitting clinical and progress notes, scheduling of visits, periodic patient evaluation.</p> <p>(7) The procedures for payment for services furnished under the contract.</p> <p><b>(g) Standard: Coordination of patient services.</b> All personnel furnishing services maintain liaison to ensure that their efforts are coordinated effectively and support the objectives outlined in the plan of care. The clinical record or minutes of case conferences establish that effective interchange, reporting, and coordination of patient care does occur. A written summary report for each patient is sent to the attending physician at least every 60 days.</p> <p><b>(h) Standard: Services under arrangements.</b> Services furnished under arrangements are subject to a written contract conforming with the requirements specified in paragraph (f) of this section and with the requirements of section 1861(w) of the Act (42 U.S.C. 1495x(w)).</p> <p><b>(i) Standard: Institutional planning.</b> The HHA, under the direction of the governing body, prepares an overall plan and a budget that includes an annual operating budget and capital expenditure plan.</p> <p>(1) Annual operating budget. There is an annual operating budget that includes all anticipated income and expenses related to items that would, under generally accepted accounting principles, be considered income and expense items. However, it is not required that there be prepared, in connection with any budget, an item by item identification of the components of each type of anticipated income or expense.</p> <p>(2) Capital expenditure plan. (i) There is a capital expenditure plan for at least a 3-year period, including the operating budget year. The plan includes and identifies in detail the anticipated sources of financing for, and the objectives of, each anticipated expenditure of more than \$600,000 for items that would under generally accepted accounting principles, be considered capital items. In determining if a single capital expenditure exceeds \$600,000, the cost of studies, surveys, designs, plans, working drawings, specifications, and other activities essential to the acquisition, improvement, modernization, expansion, or replacement of land, plant, building, and equipment are included. Expenditures directly or</p>	<p>the HHA's patients. The HHA must maintain overall responsibility for the services provided under arrangement, as well as the manner in which they are furnished. The agency, organization, or individual providing services under arrangement may not have been:</p> <p>(i) Denied Medicare or Medicaid enrollment;</p> <p>(ii) Been excluded or terminated from any federal health care program or Medicaid;</p> <p>(iii) Had its Medicare or Medicaid billing privileges revoked; or</p> <p>(iv) Been debarred from participating in any government program.</p> <p>(3) The primary HHA is responsible for patient care, and must conduct and provide, either directly or under arrangements, all services rendered to patients.</p> <p><b>(f) Standard: Services furnished.</b> (1) Skilled nursing services and at least one other therapeutic service (physical therapy, speech-language pathology, or occupational therapy; medical social services; or home health aide services) are made available on a visiting basis, in a place of residence used as a patient's home. An HHA must provide at least one of the services described in this subsection directly, but may provide the second service and additional services under arrangement with another agency or organization.</p> <p>(2) All HHA services must be provided in accordance with current clinical practice guidelines and accepted professional standards of practice.</p> <p><b>(g) Standard: Outpatient physical therapy or speech-language pathology services.</b> An HHA that furnishes outpatient physical therapy or speech language pathology services must meet all of the applicable conditions of this part and the additional health and safety requirements set forth in § 485.711, § 485.713, § 485.715, § 485.719, § 485.723, and § 485.727 of this chapter to implement section 1861(p) of the Act.</p> <p><i>Currently a separate CoP at §484.38</i></p> <p><b>(h) Standard: Institutional planning.</b> The HHA, under the direction of the governing body, prepares an overall plan and a budget that includes an annual operating budget and capital expenditure plan.</p> <p>(1) Annual operating budget. There is an annual operating budget that includes all anticipated income and expenses related to items that would, under generally accepted accounting principles, be considered income and expense items. However, it is not required that there be prepared, in connection with any budget, an item by item identification of the components of each type of anticipated income or expense.</p>

<p><b>§484.16 Condition of participation: Group of professional personnel.</b>  A group of professional personnel, which includes at least one physician and one registered nurse (preferably a public health nurse), and with appropriate representation from other professional disciplines, establishes and annually reviews the agency's policies governing scope of services offered, admission and discharge policies, medical supervision and plans of care, emergency care, clinical records, personnel qualifications, and program evaluation. At least one member of the group is neither an owner nor an employee of the agency.</p> <p><b>(a) Standard: Advisory and evaluation function.</b> The group of professional personnel meets frequently to advise the agency on professional issues, to participate in the evaluation of the agency's program, and to assist the agency in maintaining liaison with other health care providers in the community and in the agency's community information program.  The meetings are documented by dated minutes.</p>	<p>Removed</p>
<p><b>§484.18 Condition of participation: Acceptance of patients, plan of care, and medical supervision.</b>  Patients are accepted for treatment on the basis of a reasonable expectation that the patient's medical, nursing, and social needs can be met adequately by the agency in the patient's place of residence. Care follows a written plan of care established and periodically reviewed by a doctor of medicine, osteopathy, or podiatric medicine.</p> <p><b>(a) Standard: Plan of care.</b> The plan of care developed in consultation with the agency staff covers all pertinent diagnoses, including mental status, types of services and equipment required, frequency of visits, prognosis, rehabilitation potential, functional limitations, activities permitted, nutritional requirements, medications and treatments, any safety measures to protect against injury, instructions for timely discharge or referral, and any other appropriate items. If a physician refers a patient under a plan of care that cannot be completed until after an evaluation visit, the physician is consulted to approve additions or modifications to the original plan. Orders for therapy services include the specific procedures and modalities to be used and the amount, frequency, and duration. The therapist and other agency personnel participate in developing the plan of care.</p> <p><b>(b) Standard: Periodic review of plan of care.</b> The total plan of care is reviewed by the attending physician and HHA</p>	<p><i>Combines §484.18 and §484.14(g)</i>  <b>**§ 484.60 Condition of participation: Care planning, coordination of services, and quality of care.</b>  Patients are accepted for treatment on the reasonable expectation that an HHA can meet the patient's medical, nursing, rehabilitative, and social needs in his or her place of residence. Each patient must receive an individualized written plan of care, including any revisions or additions. The individualized plan of care must specify the care and services necessary to meet the patient-specific needs as identified in the comprehensive assessment, including identification of the responsible discipline(s), and the measurable outcomes that the HHA anticipates will occur as a result of implementing and coordinating the plan of care. The individualized plan of care must also specify the patient and caregiver education and training. Services must be furnished in accordance with accepted standards of practice.</p> <p><b>(a) Standard: Plan of care.</b> (1) Each patient must receive the home health services that are written in an individualized plan of care that identifies patient-specific measurable outcomes and goals, and which is established, periodically reviewed, and signed by a doctor of medicine, osteopathy, or podiatry acting within the scope of his or her state license, certification, or registration. If a physician refers a patient under a plan of care that cannot be completed until after an evaluation visit, the physician is consulted to approve</p>

personnel as often as the severity of the patient's condition requires, but at least once every 60 days or more frequently when there is a beneficiary elected transfer; a significant change in condition resulting in a change in the case-mix assignment; or a discharge and return to the same HHA during the 60-day episode. Agency professional staff promptly alert the physician to any changes that suggest a need to alter the plan of care.

**(c) Standard: Conformance with physician orders.** Drugs and treatments are administered by agency staff only as ordered by the physician with the exception of influenza and pneumococcal polysaccharide vaccines, which may be administered per agency policy developed in consultation with a physician, and after an assessment for contraindications. Verbal orders are put in writing and signed and dated with the date of receipt by the registered nurse or qualified therapist (as defined in §484.4 of this chapter) responsible for furnishing or supervising the ordered services. Verbal orders are only accepted by personnel authorized to do so by applicable State and Federal laws and regulations as well as by the HHA's internal policies.

additions or modifications to the original plan.

(2) The individualized plan of care must include the following:

- (i) All pertinent diagnoses;
- (ii) The patient's mental, psychosocial, and cognitive status;
- (iii) The types of services, supplies, and equipment required;
- (iv) The frequency and duration of visits to be made;
- (v) Prognosis;
- (vi) Rehabilitation potential;
- (vii) Functional limitations;
- (viii) Activities permitted;
- (ix) Nutritional requirements;
- (x) All medications and treatments;
- (xi) Safety measures to protect against injury;

**\*\* (xii) A description of the patient's risk for emergency department visits and hospital re-admission, and all necessary interventions to address the underlying risk factors.**

**(xiii) Patient and caregiver education and training to facilitate timely discharge;**

**\*\* (xiv) Patient-specific interventions and education; measurable outcomes and goals identified by the HHA and the patient;**

**\*\* (xv) Information related to any advanced directives;** and

(xvi) Any additional items the HHA or physician may choose to include.

**\*\* (3) All patient care orders, including verbal orders, must be recorded in the plan of care.**

**(b) Standard: Conformance with physician orders.** (1) Drugs, services, and treatments are administered only as ordered by a physician.

(2) Influenza and pneumococcal vaccines may be administered per agency policy developed in consultation with a physician, and after an assessment of the patient to determine for contraindications.

(3) Verbal orders must be accepted only by personnel authorized to do so by applicable state laws and regulations and by the HHA's internal policies.

(4) When services are provided on the basis of a physician's verbal orders, **\*\*a nurse acting in accordance with state licensure requirements, or other qualified practitioner responsible for furnishing or supervising the ordered services,** in accordance with state law and the HHA's policies, must document the orders in the patient's clinical record, **and sign, date, and \*\*time the orders.** Verbal orders must be authenticated and dated by the physician in accordance with

applicable state laws and regulations, as well as the HHA's internal policies.

(c) Standard: Review and revision of the plan of care. (1) The individualized plan of care must be reviewed and revised by the physician who is responsible for the home health plan of care and the HHA as frequently as the patient's condition or needs require, but no less frequently than once every 60 days, beginning with the start of care date. The HHA must promptly alert the relevant physician(s) to any changes in the patient's condition or needs that suggest that outcomes are not being achieved and/or that the plan of care should be altered.

(2) A revised plan of care must reflect current information from the patient's updated comprehensive assessment, and contain information concerning the patient's progress toward the measurable outcomes and goals identified by the HHA and patient in the plan of care.

(3) Revisions to the plan of care must be communicated as follows:

**\*\* (i) Any revision to the plan of care due to a change in patient health status must be communicated to the patient, representative (if any), caregiver, and all physicians issuing orders for the HHA plan of care.**

**\*\* (ii) Any revisions related to plans for the patient's discharge must be communicated to the patient, representative, caregiver, all physicians issuing orders for the HHA plan of care, and the patient's primary care practitioner or other health care professional who will be responsible for providing care and services to the patient after discharge from the HHA (if any).**

**\*\* (d) Standard: Coordination of care.**

The HHA must:

(1) Assure communication with all physicians involved in the plan of care.

(2) Integrate orders from all physicians involved in the plan of care to assure the coordination of all services and interventions provided to the patient.

(3) Integrate services, whether services are provided directly or under arrangement, to assure the identification of patient needs and factors that could affect patient safety and treatment effectiveness and the coordination of care provided by all disciplines.

(4) Coordinate care delivery to meet the patient's needs, and involve the patient, representative (if any), and caregiver(s), as appropriate, in the coordination of care activities.

	<p>(5) Ensure that each patient, and his or her caregiver(s) where applicable, receive ongoing education and training provided by the HHA, as appropriate, regarding the care and services identified in the plan of care. The HHA must provide training, as necessary, to ensure a timely discharge.</p> <p><i>More specificity than current requirements under §484.14(g).</i></p> <p><b>** (e) Standard: Written information to the patient.</b> The HHA must provide the patient and caregiver with a copy of written instructions outlining:</p> <p>(1) Visit schedule, including frequency of visits by HHA personnel and personnel acting on behalf of the HHA.</p> <p>(2) Patient medication schedule/ instructions, including: medication name, dosage and frequency and which medications will be administered by HHA personnel and personnel acting on behalf of the HHA.</p> <p>(3) Any treatments to be administered by HHA personnel and personnel acting on behalf of the HHA, including therapy services.</p> <p>(4) Any other pertinent instruction related to the patient’s care and treatments that the HHA will provide, specific to the patient’s care needs.</p> <p>(5) Name and contact information of the HHA clinical manager.</p>
<p><b>§484.20 Condition of participation: Reporting OASIS information.</b>  HHAs must electronically report all OASIS data collected in accordance with §484.55.</p> <p><b>(a) Standard: Encoding and transmitting OASIS data.</b> An HHA must encode and electronically transmit each completed OASIS assessment to the State agency or the CMS OASIS contractor, regarding each beneficiary with respect to which such information is required to be transmitted (as determined by the Secretary), within 30 days of completing the assessment of the beneficiary.</p> <p><b>(b) Standard: Accuracy of encoded OASIS data.</b> The encoded OASIS data must accurately reflect the patient's status at the</p>	<p><b>484.45 Condition of participation: Reporting OASIS information</b>  HHAs must electronically report all OASIS data collected in accordance with § 484.55.</p> <p><b>(a) Standard: Encoding and transmitting OASIS data.</b> An HHA must encode and electronically transmit each completed OASIS assessment to the CMS system, regarding each beneficiary with respect to which information is required to be transmitted (as determined by the Secretary), within 30 days of completing the assessment of the beneficiary.</p> <p><b>(b) Standard: Accuracy of encoded OASIS data.</b> The encoded OASIS data must accurately reflect the patient’s status at the</p>

<p>time of assessment.</p> <p><b>(c) Standard: Transmittal of OASIS data.</b> An HHA must—</p> <p>(1) For all completed assessments, transmit OASIS data in a format that meets the requirements of paragraph (d) of this section.</p> <p>(2) Successfully transmit test data to the State agency or CMS OASIS contractor.</p> <p>(3) Transmit data using electronics communications software that provides a direct telephone connection from the HHA to the State agency or CMS OASIS contractor.</p> <p>(4) Transmit data that includes the CMS-assigned branch identification number, as applicable.</p> <p><b>(d) Standard: Data Format.</b> The HHA must encode and transmit data using the software available from CMS or software that conforms to CMS standard electronic record layout, edit specifications, and data dictionary, and that includes the required OASIS data set.</p>	<p>time of assessment.</p> <p><b>(c) Standard: Transmittal of OASIS data.</b> An HHA must—(1) For all completed assessments, transmit OASIS data in a format that meets the requirements of paragraph (d) of this section.</p> <p>(2) Successfully transmit test data to the QIES ASAP System or CMS OASIS contractor.</p> <p>(3) Transmit data using electronic communications software that complies with the Federal Information Processing Standard (FIPS 140–2, issued May 25, 2001) from the HHA or the HHA contractor to the CMS collection site.</p> <p>(4) Transmit data that includes the CMS-assigned branch identification number, as applicable.</p> <p><b>(d) Standard: Data Format.</b> The HHA must encode and transmit data using the software available from CMS or software that conforms to CMS standard electronic record layout, edit specifications, and data dictionary, and that includes the required OASIS data set.</p>
<p><b>§484.30 Condition of participation: Skilled nursing services.</b> The HHA furnishes skilled nursing services by or under the supervision of a registered nurse and in accordance with the plan of care.</p> <p><b>(a) Standard: Duties of the registered nurse.</b> The registered nurse makes the initial evaluation visit, regularly reevaluates the patient's nursing needs, initiates the plan of care and necessary revisions, furnishes those services requiring substantial and specialized nursing skill, initiates appropriate preventive and rehabilitative nursing procedures, prepares clinical and progress notes, coordinates services, informs the physician and other personnel of changes in the patient's condition and needs, counsels the patient and family in meeting nursing and related needs, participates in in-service programs, and supervises and teaches other nursing personnel.</p> <p><b>(b) Standard: Duties of the licensed practical nurse.</b> The licensed practical nurse furnishes services in accordance with agency policies, prepares clinical and progress notes, assists the physician and registered nurse in performing specialized procedures, prepares equipment and materials for treatments observing aseptic technique as required, and assists the patient in learning appropriate self-care techniques.</p>	<p><i>Combines §484.30; §484.32; and §484.34</i></p> <p><b>**§ 484.75 Condition of participation: Skilled professional services.</b></p> <p>Skilled professional services include skilled nursing services, physical therapy, speech-language pathology services, and occupational therapy, as specified in § 409.44 of this chapter, and physician and medical social work services as specified in § 409.45 of this chapter. Skilled professionals who provide services to HHA patients directly or under arrangement must participate in the coordination of care.</p> <p><b>(a) Standard: Provision of services by skilled professionals.</b> Skilled professional services are authorized, delivered, and supervised only by health care professionals who meet the appropriate qualifications specified under § 484.115 and who practice according to the HHA's policies and procedures.</p> <p><b>(b) Standard: Responsibilities of skilled professionals.</b> Skilled professionals must assume responsibility for, but not be restricted to, the following:</p> <p>(1) Ongoing interdisciplinary assessment of the patient;</p> <p>(2) Development and evaluation of the plan of care in partnership with the patient, representative (if any), and</p>

<p><b>§484.32 Condition of participation: Therapy services.</b> Any therapy services offered by the HHA directly or under arrangement are given by a qualified therapist or by a qualified therapy assistant under the supervision of a qualified therapist and in accordance with the plan of care. The qualified therapist assists the physician in evaluating level of function, helps develop the plan of care (revising it as necessary), prepares clinical and progress notes, advises and consults with the family and other agency personnel, and participates in in-service programs.</p> <p><b>(a) Standard: Supervision of physical therapy assistant and occupational therapy assistant.</b> Services furnished by a qualified physical therapy assistant or qualified occupational therapy assistant may be furnished under the supervision of a qualified physical or occupational therapist. A physical therapy assistant or occupational therapy assistant performs services planned, delegated, and supervised by the therapist, assists in preparing clinical notes and progress reports, and participates in educating the patient and family, and in in-service programs.</p> <p><b>(b) Standard: Supervision of speech therapy services.</b> Speech therapy services are furnished only by or under supervision of a qualified speech pathologist or audiologist</p> <p><b>§484.34 Condition of participation: Medical social services.</b> If the agency furnishes medical social services, those services are given by a qualified social worker or by a qualified social work assistant under the supervision of a qualified social worker, and in accordance with the plan of care. The social worker assists the physician and other team members in understanding the significant social and emotional factors related to the health problems, participates in the development of the plan of care, prepares clinical and progress notes, works with the family, uses appropriate community resources, participates in discharge planning and in-service programs, and acts as a consultant to other agency personnel.</p>	<p>caregiver(s); (3) Providing services that are ordered by the physician as indicated in the plan of care; (4) Patient, caregiver, and family counseling; (5) Patient and caregiver education; (6) Preparing clinical notes; (7) Communication with all physicians involved in the plan of care and other health care practitioners (as appropriate) related to the current plan of care; (8) Participation in the HHA’s QAPI program; and (9) Participation in HHA-sponsored in-service training.</p> <p><b>(c) Supervision of skilled professional assistants.</b> (1) Nursing services are provided under the supervision of a registered nurse that meets the requirements of §484.115(k). (2) Rehabilitative therapy services are provided under the supervision of an occupational therapist or physical therapist that meets the requirements of § 484.115(f) or (h), respectively. (3) Medical social services are provided under the supervision of a social worker that meets the requirements of §484.115(m).</p>
<p><b>§484.36 Condition of participation: Home health aide services.</b> Home health aides are selected on the basis of such factors as a sympathetic attitude toward the care of the sick, ability to read, write, and carry out directions, and maturity and ability to deal effectively with the demands of the job. They are closely supervised to ensure their competence in providing care. For home health services furnished (either directly or through arrangements with other organizations) after August 14, 1990, the HHA must use individuals who meet the personnel qualifications specified in §484.4 for “home health</p>	<p><b>§ 484.80 Condition of participation: Home health aide services.</b> All home health aide services must be provided by individuals who meet the personnel requirements specified in paragraph (a) of this section.</p> <p><b>(a) Standard: Home health aide qualifications.</b> (1) A qualified home health aide is a person who has successfully completed: (i) A training and competency evaluation program as specified in paragraphs (b) and (c) respectively of</p>

<p>aide”.</p> <p><b>(a) Standard: Home health aide training—</b>(1) Content and duration of training. The aide training program must address each of the following subject areas through classroom and supervised practical training totaling at least 75 hours, with at least 16 hours devoted to supervised practical training. The individual being trained must complete at least 16 hours of classroom training before beginning the supervised practical training.</p> <ul style="list-style-type: none"> <li>(i) Communications skills.</li> <li>(ii) Observation, reporting and documentation of patient status and the care or service furnished.</li> <li>(iii) Reading and recording temperature, pulse, and respiration.</li> <li>(iv) Basic infection control procedures.</li> <li>(v) Basic elements of body functioning and changes in body function that must be reported to an aide’s supervisor.</li> <li>(vi) Maintenance of a clean, safe, and healthy environment.</li> <li>(vii) Recognizing emergencies and knowledge of emergency procedures.</li> <li>(viii) The physical, emotional, and developmental needs of and ways to work with the populations served by the HHA, including the need for respect for the patient, his or her privacy and his or her property.</li> <li>(ix) Appropriate and safe techniques in personal hygiene and grooming that include— <ul style="list-style-type: none"> <li>(A) Bed bath.</li> <li>(B) Sponge, tub, or shower bath.</li> <li>(C) Shampoo, sink, tub, or bed.</li> <li>(D) Nail and skin care.</li> <li>(E) Oral hygiene.</li> <li>(F) Toileting and elimination.</li> </ul> </li> <li>(x) Safe transfer techniques and ambulation.</li> <li>(xi) Normal range of motion and positioning.</li> <li>(xii) Adequate nutrition and fluid intake.</li> <li>(xiii) Any other task that the HHA may choose to have the home health aide perform.</li> </ul> <p>“Supervised practical training” means training in a laboratory or other setting in which the trainee demonstrates knowledge while performing tasks on an individual under the direct supervision of a registered nurse or licensed practical nurse.</p> <p>(2) Conduct of training—(i) Organizations. A home health aide training program may be offered by any organization except an HHA that, within the previous 2 years has been found—</p> <ul style="list-style-type: none"> <li>(A) Out of compliance with requirements of this paragraph (a) or paragraph (b) of this section;</li> <li>(B) To permit an individual that does not meet the definition of “home health aide” as specified in §484.4 to furnish home</li> </ul>	<p>this section; or</p> <ul style="list-style-type: none"> <li>(ii) A competency evaluation program that meets the requirements of paragraph (c) of this section; or</li> <li><b>(iii) A nurse aide training and competency evaluation program approved by the state as meeting the requirements of § 483.151 through § 483.154 of this chapter, and is currently listed in good standing on the state nurse aide registry;</b> or (iv) The requirements of a state licensure program that meets the provisions of paragraphs (b) and (c) of this section.</li> </ul> <p>(2) A home health aide or nurse aide is not considered to have completed a program, as specified in paragraph (a)(1) of this section, if, since the individual’s most recent completion of the program(s), there has been a continuous period of 24 consecutive months during which none of the services furnished by the individual as described in § 409.40 of this chapter were for compensation. If there has been a 24-month lapse in furnishing services for compensation, the individual must complete another program, as specified in paragraph (a)(1) of this section, before providing services.</p> <p><b>(b) Standard: Content and duration of home health aide classroom and supervised practical training.</b> (1) Home health aide training must include classroom and supervised practical training in a practicum laboratory or other setting in which the trainee demonstrates knowledge while providing services to an individual under the direct supervision of a registered nurse, or a licensed practical nurse who is under the supervision of a registered nurse. Classroom and supervised practical training must total at least 75 hours.</p> <p>(2) A minimum of 16 hours of classroom training must precede a minimum of 16 hours of supervised practical training as part of the 75 hours.</p> <p>(3) A home health aide training program must address each of the following subject areas:</p> <p><b><u>** (i) Communication skills, including the ability to read, write, and verbally report clinical information to patients, representatives, and caregivers, as well as to other HHA staff.</u></b></p> <ul style="list-style-type: none"> <li>(ii) Observation, reporting, and documentation of patient status and the care or service furnished.</li> <li>(iii) Reading and recording temperature, pulse, and respiration.</li> <li>(iv) Basic infection prevention and control procedures.</li> <li>(v) Basic elements of body functioning and changes in body function that must be reported to an aide’s supervisor.</li> <li>(vi) Maintenance of a clean, safe, and healthy environment.</li> <li>(vii) Recognizing emergencies and the knowledge of instituting emergency procedures and their application.</li> <li>(viii) The physical, emotional, and developmental needs of and ways to work with the populations served by the HHA,</li> </ul>

<p>health aide services (with the exception of licensed health professionals and volunteers);</p> <p>(C) Has been subject to an extended (or partial extended) survey as a result of having been found to have furnished substandard care (or for other reasons at the discretion of the CMS or the State);</p> <p>(D) Has been assessed a civil monetary penalty of not less than \$5,000 as an intermediate sanction;</p> <p>(E) Has been found to have compliance deficiencies that endanger the health and safety of the HHA's patients and has had a temporary management appointed to oversee the management of the HHA;</p> <p>(F) Has had all or part of its Medicare payments suspended; or</p> <p>(G) Under any Federal or State law within the 2-year period beginning on October 1, 1988—</p> <p>(1) Has had its participation in the Medicare program terminated;</p> <p>(2) Has been assessed a penalty of not less than \$5,000 for deficiencies in Federal or State standards for HHAs;</p> <p>(3) Was subject to a suspension of Medicare payments to which it otherwise would have been entitled;</p> <p>(4) Had operated under a temporary management that was appointed to oversee the operation of the HHA and to ensure the health to oversee the operation of the HHA and to ensure the health and safety of the HHA's patients; or</p> <p>(5) Was closed or had its residents transferred by the State.</p> <p>(ii) Qualifications for instructors. The training of home health aides and the supervision of home health aides during the supervised practical portion of the training must be performed by or under the general supervision of a registered nurse who possesses a minimum of 2 years of nursing experience, at least 1 year of which must be in the provision of home health care. Other individuals may be used to provide instruction under the supervision of a qualified registered nurse.</p> <p>(3) Documentation of training. The HHA must maintain sufficient documentation to demonstrate that the requirements of this standard are met.</p> <p><b>(b) Standard: Competency evaluation and in-service training—</b>(1) Applicability. An individual may furnish home health aide services on behalf of an HHA only after that</p>	<p>including the need for respect for the patient, his or her privacy, and his or her property.</p> <p>(ix) Appropriate and safe techniques in performing personal hygiene and grooming tasks that include—</p> <p>(A) Bed bath;</p> <p>** (B) Sponge, tub, <u>and</u> shower bath;</p> <p>** (C) Hair shampooing in sink, tub, <u>and</u> bed;</p> <p>(D) Nail and skin care;</p> <p>(E) Oral hygiene;</p> <p>(F) Toileting and elimination;</p> <p>(x) Safe transfer techniques and ambulation;</p> <p>(xi) Normal range of motion and positioning;</p> <p>(xii) Adequate nutrition and fluid intake;</p> <p><b>** (xiii) Recognizing and reporting changes in skin condition; and</b></p> <p>(xiv) Any other task that the HHA may choose to have an aide perform as permitted under state law.</p> <p>(xv) The HHA is responsible for training home health aides, as needed, for skills not covered in the basic checklist, as described in paragraph (b)(3)(ix) of this section.</p> <p>(4) The HHA must maintain documentation that demonstrates that the requirements of this standard have been met.</p> <p><b>(c) Standard: Competency evaluation.</b></p> <p>An individual may furnish home health services on behalf of an HHA only after that individual has successfully completed a competency evaluation program as described in this section.</p> <p>(1) The competency evaluation must address each of the subjects listed in paragraph (b)(3) of this section. Subject areas specified under paragraphs <b>** (b)(3)(i), (iii), (ix), (x), and (xi)</b> of this section must be evaluated by observing an aide's performance of the task with a patient. The remaining subject areas may be evaluated through written examination, oral examination, or after observation of a home health aide with a patient.</p> <p>(2) A home health aide competency evaluation program may be offered by any organization, except as specified in paragraph (f) of this section.</p> <p>(3) The competency evaluation must be performed by a registered nurse in consultation with other skilled professionals, as appropriate.</p> <p>(4) A home health aide is not considered competent in any task for which he or she is evaluated as unsatisfactory. An aide must not perform that task without direct supervision by a</p>
--	---

<p>individual has successfully completed a competency evaluation program as described in this paragraph. The HHA is responsible for ensuring that the individuals who furnish home health aide services on its behalf meet the competency evaluation requirements of this section.</p> <p>(2) Content and frequency of evaluations and amount of in-service training. (i) The competency evaluation must address each of the subjects listed in paragraph (a)(1) (ii) through (xiii) of this section.</p> <p>(ii) The HHA must complete a performance review of each home health aide no less frequently than every 12 months.</p> <p>(iii) The home health aide must receive at least 12 hours of in-service training during each 12-month period. The in-service training may be furnished while the aide is furnishing care to the patient.</p> <p>(3) Conduct of evaluation and training—(i) Organizations. A home health aide competency evaluation program may be offered by any organization except as specified in paragraph (a)(2)(i) of this section.</p> <p>The in-service training may be offered by any organization.</p> <p>(ii) Evaluators and instructors. The competency evaluation must be performed by a registered nurse. The in-service training generally must be supervised by a registered nurse who possesses a minimum of 2 years of nursing experience at least 1 year of which must be in the provision of home health care.</p> <p>(iii) Subject areas. The subject areas listed at paragraphs (a)(1) (iii), (ix), (x), and (xi) of this section must be evaluated after observation of the aide's performance of the tasks with a patient. The other subject areas in paragraph (a)(1) of this section may be evaluated through written examination, oral examination, or after observation of a home health aide with a patient.</p> <p>(4) Competency determination. (i) A home health aide is not considered competent in any task for which he or she is evaluated as “unsatisfactory”. The aide must not perform that task without direct supervision by a licensed nurse until after he or she receives training in the task for which he or she was evaluated as “unsatisfactory” and passes a subsequent evaluation with “satisfactory”.</p> <p>(ii) A home health aide is not considered to have successfully passed a competency evaluation if the aide has an “unsatisfactory” rating in more than one of the required areas.</p>	<p>registered nurse until after he or she has received training in the task for which he or she was evaluated as “unsatisfactory,” and has successfully completed a subsequent evaluation. A home health aide is not considered to have successfully passed a competency evaluation if the aide has an “unsatisfactory” rating in more than one of the required areas.</p> <p>(5) The HHA must maintain documentation which demonstrates that the requirements of this standard have been met.</p> <p><b>(d) Standard: In-service training.</b> A home health aide must receive at least 12 hours of in-service training during each 12-month period. In-service training may occur while an aide is furnishing care to a patient.</p> <p>(1) In-service training may be offered by any organization and must be supervised by a registered nurse.</p> <p>(2) The HHA must maintain documentation that demonstrates the requirements of this standard have been met.</p> <p><b>(e) Standard: Qualifications for instructors conducting classroom and supervised practical training.</b> Classroom and supervised practical training must be performed by a registered nurse who possesses a minimum of 2 years nursing experience, at least 1 year of which must be in home health care, or by other individuals under the general supervision of the registered nurse.</p> <p><b>(f) Standard: Eligible training and competency evaluation organizations.</b> A home health aide training program and competency evaluation program may be offered by any organization except by an HHA that, within the previous 2 years:</p> <p>(1) Was out of compliance with the requirements of paragraphs (b), (c), (d), or (e) of this section; or</p> <p>(2) Permitted an individual who does not meet the definition of a “qualified home health aide” as specified in paragraph (a) of this section to furnish home health aide services (with the exception of licensed health professionals and volunteers); or</p> <p>(3) Was subjected to an extended (or partially extended) survey as a result of having been found to have furnished substandard care (or for other reasons as determined by CMS or the state); or</p> <p>(4) Was assessed a civil monetary penalty of \$5,000 or more as an intermediate sanction; or</p>
--	--

<p>(5) Documentation of competency evaluation. The HHA must maintain documentation which demonstrates that the requirements of this standard are met.</p> <p>(6) Effective date. The HHA must implement a competency evaluation program that meets the requirements of this paragraph before February 14, 1990. The HHA must provide the preparation necessary for the individual to successfully complete the competency evaluation program. After August 14, 1990, the HHA may use only those aides that have been found to be competent in accordance with §484.36(b).</p> <p><b>(c) Standard: Assignment and duties of the home health aide—</b>(1) Assignment. The home health aide is assigned to a specific patient by the registered nurse. Written patient care instructions for the home health aide must be prepared by the registered nurse or other appropriate professional who is responsible for the supervision of the home health aide under paragraph (d) of this section.</p> <p>(2) Duties. The home health aide provides services that are ordered by the physician in the plan of care and that the aide is permitted to perform under State law. The duties of a home health aide include the provision of hands-on personal care, performance of simple procedures as an extension of therapy or nursing services, assistance in ambulation or exercises, and assistance in administering medications that are ordinarily self-administered. Any home health aide services offered by an HHA must be provided by a qualified home health aide.</p> <p><b>(d) Standard: Supervision.</b> (1) If the patient receives skilled nursing care, the registered nurse must perform the supervisory visit required by paragraph (d)(2) of this section. If the patient is not receiving skilled nursing care, but is receiving another skilled service (that is, physical therapy, occupational therapy, or speech-language pathology services), supervision may be provided by the appropriate therapist.</p> <p>(2) The registered nurse (or another professional described in paragraph (d)(1) of this section) must make an on-site visit to the patient's home no less frequently than every 2 weeks.</p> <p>(3) If home health aide services are provided to a patient who is not receiving skilled nursing care, physical or occupational therapy or speech-language pathology services, the registered nurse must make a supervisory visit to the patient's home no less frequently than every 60 days. In these cases, to ensure that the aide is properly caring for the patient, each supervisory visit must occur while the home health aide is providing patient care.</p> <p>(4) If home health aide services are provided by an individual</p>	<p>(5) Was found to have compliance deficiencies that endangered the health and safety of the HHA's patients, and had temporary management appointed to oversee the management of the HHA; or</p> <p>(6) Had all or part of its Medicare payments suspended; or</p> <p>(7) Was found under any federal or state law to have:</p> <p>(i) Had its participation in the Medicare program terminated; or</p> <p>(ii) Been assessed a penalty of \$5,000 or more for deficiencies in federal or state standards for HHAs; or</p> <p>(iii) Been subjected to a suspension of Medicare payments to which it otherwise would have been entitled; or</p> <p>(iv) Operated under temporary management that was appointed to oversee the operation of the HHA and to ensure the health and safety of the HHA's patients; or</p> <p>(v) Been closed, or had its patients transferred by the state; or</p> <p><b><u>** (vi) Been excluded from participating in federal health care programs or debarred from participating in any government program.</u></b></p> <p><b>(g) Standard: Home health aide assignments and duties.</b> <b><u>** (1) Home health aides are assigned to a specific patient by a registered nurse or other appropriate skilled professional, with written patient care instructions for a home health aide prepared by that registered nurse or other appropriate skilled professional (that is, physical therapist, speech-language pathologist, or occupational therapist).</u></b></p> <p>(2) A home health aide provides services that are:</p> <p>(i) Ordered by the physician;</p> <p>(ii) Included in the plan of care;</p> <p>(iii) Permitted to be performed under state law; and (iv) Consistent with the home health aide training.</p> <p>(3) The duties of a home health aide include:</p> <p>(i) The provision of hands-on personal care;</p> <p>(ii) The performance of simple procedures as an extension of therapy or nursing services;</p> <p>(iii) Assistance in ambulation or exercises; and</p> <p>(iv) Assistance in administering medications ordinarily self administered.</p> <p>(4) Home health aides must be members of the interdisciplinary team, must report changes in the patient's condition to a registered nurse or other appropriate skilled professional, and must complete appropriate records in compliance with the HHA's policies and procedures.</p>
--	---

who is not employed directly by the HHA (or hospice), the services of the home health aide must be provided under arrangements, as defined in section 1861(w)(1) of the Act. If the HHA (or hospice) chooses to provide home health aide services under arrangements with another organization, the HHA's (or hospice's) responsibilities include, but are not limited to—

(i) Ensuring the overall quality of the care provided by the aide;

(ii) Supervision of the aide's services as described in paragraphs (d)(1) and (d)(2) of this section; and

(iii) Ensuring that home health aides providing services under arrangements have met the training requirements of paragraphs (a) and (b) of this section.

**(e) Personal care attendant:** Evaluation requirements—(1) Applicability. This paragraph applies to individuals who are employed by HHAs exclusively to furnish personal care attendant services under a Medicaid personal care benefit.

(2) Rule. An individual may furnish personal care services, as defined in §440.170 of this chapter, on behalf of an HHA after the individual has been found competent by the State to furnish those services for which a competency evaluation is required by paragraph (b) of this section and which the individual is required to perform. The individual need not be determined competent in those services listed in paragraph (a) of this section that the individual is not required to furnish.

**\*\* (h) Standard: Supervision of home health aides. (1)(i) If home health aide services are provided to a patient who is receiving skilled nursing, physical or occupational therapy, or speech language pathology services, a registered nurse or other appropriate skilled professional who is familiar with the patient, the patient's plan of care, and the written patient care instructions described in § 484.80(g), must make an onsite visit to the patient's home no less frequently than every 14 days.** The home health aide does not have to be present during this visit.

(ii) If an area of concern in aide services is noted by the supervising registered nurse or other appropriate skilled professional, then the supervising individual must make an on-site visit to the location where the patient is receiving care in order to observe and assess the aide while he or she is performing care.

**\*\* (iii) A registered nurse or other appropriate skilled professional must make an annual on-site visit to the location where a patient is receiving care in order to observe and assess each aide while he or she is performing care.**

(2) If home health aide services are provided to a patient who is not receiving skilled nursing care, physical or occupational therapy, or speech language pathology services, the registered nurse must make an on-site visit to the location where the patient is receiving care no less frequently than every 60 days in order to observe and assess each aide while he or she is performing care.

(3) If a deficiency in aide services is verified by the registered nurse or other appropriate skilled professional during an on-site visit, then the agency must conduct, and the home health aide must complete a competency evaluation in accordance with paragraph (c) of this section.

**\*\* (4) Home health aide supervision must ensure that aides furnish care in a safe and effective manner, including, but not limited to, the following elements:**

(i) Following the patient's plan of care for completion of tasks assigned to a home health aide by the registered nurse or other appropriate skilled professional;

(ii) Maintaining an open communication process with the patient, representative (if any), caregivers, and family;

(iii) Demonstrating competency with assigned tasks;

(iv) Complying with infection prevention and control policies and procedures;

(v) Reporting changes in the patient's condition; and

(vi) Honoring patient rights.

(5) If the home health agency chooses to provide home health aide services under arrangements, as defined in section 1861(w)(1) of the Act, the HHA's responsibilities also include, but are not limited to:

	<p>(i) Ensuring the overall quality of care provided by an aide;  (ii) Supervising aide services as described in paragraphs (h)(1) and (2) of this section; and  (iii) Ensuring that home health aides who provide services under arrangement have met the training or competency evaluation requirements, or both, of this part.</p> <p><b>(i) Standard: Individuals furnishing Medicaid personal care aide-only services under a Medicaid personal care benefit.</b> An individual may furnish personal care services, as defined in § 440.167 of this chapter, on behalf of an HHA. Before the individual may furnish personal care services, the individual must meet all qualification standards established by the state. The individual only needs to demonstrate competency in the services the individual is required to furnish.</p>
<p><b>§484.38 Condition of participation: Qualifying to furnish outpatient physical therapy or speech pathology services.</b>  An HHA that wishes to furnish outpatient physical therapy or speech pathology services must meet all the pertinent conditions of this part and also meet the additional health and safety requirements set forth in §§485.711, 485.713, 485.715, 485.719, 485.723, and 485.727 of this chapter to implement section 1861(p) of the Act.</p>	<p>Incorporated into §484.105(g)</p>
<p><b>§484.48 Condition of participation: Clinical records.</b>  A clinical record containing pertinent past and current findings in accordance with accepted professional standards is maintained for every patient receiving home health services. In addition to the plan of care, the record contains appropriate identifying information; name of physician; drug, dietary, treatment, and activity orders; signed and dated clinical and progress notes; copies of summary reports sent to the attending physician; and a discharge summary. The HHA must inform the attending physician of the availability of a discharge summary. The discharge summary must be sent to the attending physician upon request and must include the patient's medical and health status at discharge.</p> <p><b>(a) Standards: Retention of records.</b> Clinical records are retained for 5 years after the month the cost report to which the records apply is filed with the intermediary, unless State law stipulates a longer period of time. Policies provide for retention even if the HHA discontinues operations. If a patient is transferred to another health facility, a copy of the record or abstract is sent with the patient.</p> <p><b>(b) Standards: Protection of records.</b> Clinical record information is safe-guarded against loss or unauthorized use. Written procedures govern use and removal of records and the conditions for release of information. Patient's written</p>	<p><b>§484.110 Condition of participation: Clinical records.</b>  The HHA must maintain a clinical record containing past and current information for every patient accepted by the HHA and receiving home health services. Information contained in the clinical record must be accurate, adhere to current clinical record documentation standards of practice, and be available to the physician(s) issuing orders for the home health plan of care, and appropriate HHA staff. This information may be maintained electronically.</p> <p><b>(a) Standard: Contents of clinical record.</b> The record must include:</p> <ol style="list-style-type: none"> <li>(1) The patient's current comprehensive assessment, including all of the assessments from the most recent home health admission, clinical notes, plans of care, and physician orders;</li> <li>(2) All interventions, including medication administration, treatments, and services, and responses to those interventions;</li> <li>(3) Goals in the patient's plans of care and the patient's progress toward achieving them;</li> <li>(4) Contact information for the patient, the patient's representative (if any), and the patient's primary caregiver(s);</li> </ol>

<p>consent is required for release of information not authorized by law.</p>	<p>(5) Contact information for the primary care practitioner or other health care professional who will be responsible for providing care and services to the patient after discharge from the HHA; and</p> <p><b><u>** (6)(i) A completed discharge summary that is sent to the primary care practitioner or other health care professional who will be responsible for providing care and services to the patient after discharge from the HHA (if any) within 5 business days of the patient’s discharge; or</u></b></p> <p><b><u>(ii) A completed transfer summary that is sent within 2 business days of a planned transfer, if the patient’s care will be immediately continued in a health care facility; or</u></b></p> <p><b><u>(iii) A completed transfer summary that is sent within 2 business days of becoming aware of an unplanned transfer, if the patient is still receiving care in a health care facility at the time when the HHA becomes aware of the transfer.</u></b></p> <p><b><u>** (b) Standard: Authentication. All entries must be legible, clear, complete, and appropriately authenticated, dated, and timed. Authentication must include a signature and a title (occupation),</u></b> or a secured computer entry by a unique identifier, of a primary author who has reviewed and approved the entry.</p> <p>(c) Standard: Retention of records. (1) Clinical records must be retained for <b><u>**5 years after the discharge</u></b> of the patient, unless state law stipulates a longer period of time.</p> <p>(2) The HHA’s policies must provide for retention of clinical records even if it discontinues operation. When an HHA discontinues operation, it must inform the state agency where clinical records will be maintained.</p> <p>(d) Standard: Protection of records. The clinical record, its contents, and the information contained therein must be safeguarded against loss or unauthorized use. The HHA must be in compliance with the rules regarding protected health information set out at 45 CFR parts 160 and 164.</p> <p>(e) Standard: Retrieval of clinical records. A patient’s clinical record (whether hard copy or electronic form) must be made available to a patient, free of charge, upon request at the next home visit, or within 4 business days (which ever comes first).</p>
<p><b>§484.52 Condition of participation: Evaluation of the agency's program.</b> The HHA has written policies requiring an overall evaluation of the agency's total program at least once a year by the group</p>	<p>Removed</p>

<p>of professional personnel (or a committee of this group), HHA staff, and consumers, or by professional people outside the agency working in conjunction with consumers. The evaluation consists of an overall policy and administrative review and a clinical record review. The evaluation assesses the extent to which the agency's program is appropriate, adequate, effective, and efficient. Results of the evaluation are reported to and acted upon by those responsible for the operation of the agency and are maintained separately as administrative records.</p> <p><b>(a) Standard: Policy and administrative review.</b> As a part of the evaluation process the policies and administrative practices of the agency are reviewed to determine the extent to which they promote patient care that is appropriate, adequate, effective, and efficient. Mechanisms are established in writing for the collection of pertinent data to assist in evaluation.</p> <p><b>(b) Standard: Clinical record review.</b> At least quarterly, appropriate health professionals, representing at least the scope of the program, review a sample of both active and closed clinical records to determine whether established policies are followed in furnishing services directly or under arrangement. There is a continuing review of clinical records for each 60-day period that a patient receives home health services to determine adequacy of the plan of care and appropriateness of continuation of care.</p>	
<p><b>484.55 Condition of participation: Comprehensive assessment of patients.</b> Each patient must receive, and an HHA must provide, a patient-specific, comprehensive assessment that accurately reflects the patient's current health status and includes information that may be used to demonstrate the patient's progress toward achievement of desired outcomes. The comprehensive assessment must identify the patient's continuing need for home care and meet the patient's medical, nursing, rehabilitative, social, and discharge planning needs. For Medicare beneficiaries, the HHA must verify the patient's eligibility for the Medicare home health benefit including homebound status, both at the time of the initial assessment visit and at the time of the comprehensive assessment. The comprehensive assessment must also incorporate the use of the current version of the Outcome and Assessment Information Set (OASIS) items, using the language and groupings of the OASIS items, as specified by the Secretary.</p> <p><b>(a) Standard: Initial assessment visit.</b> (1) A registered nurse must conduct an initial assessment visit to determine the immediate care and support needs of the patient; and, for</p>	<p><b>§484.55 Condition of participation: Comprehensive assessment of patients.</b> Each patient must receive, and an HHA must provide, a patient-specific, comprehensive assessment. The initial assessment visit must be held either within 48 hours of referral, or within 48 hours of the patient's return home, or on the physician-ordered start of care date.  (2) When rehabilitation therapy service (speech language pathology, physical therapy, or occupational therapy) is the only service ordered by the physician who is responsible for the home health plan of care, and if the need for that service establishes program eligibility, the initial assessment visit may</p>

<p>Medicare patients, to determine eligibility for the Medicare home health benefit, including homebound status. The initial assessment visit must be held either within 48 hours of referral, or within 48 hours of the patient's return home, or on the physician-ordered start of care date.</p> <p>(2) When rehabilitation therapy service (speech language pathology, physical therapy, or occupational therapy) is the only service ordered by the physician, and if the need for that service establishes program eligibility, the initial assessment visit may be made by the appropriate rehabilitation skilled professional.</p> <p><b>(b) Standard: Completion of the comprehensive assessment.</b></p> <p>(1) The comprehensive assessment must be completed in a timely manner, consistent with the patient's immediate needs, but no later than 5 calendar days after the start of care.</p> <p>(2) Except as provided in paragraph (b)(3) of this section, a registered nurse must complete the comprehensive assessment and for Medicare patients, determine eligibility for the Medicare home health benefit, including homebound status.</p> <p>(3) When physical therapy, speech-language pathology, or occupational therapy is the only service ordered by the physician, a physical therapist, speech-language pathologist or occupational therapist may complete the comprehensive assessment, and for Medicare patients, determine eligibility for the Medicare home health benefit, including homebound status. The occupational therapist may complete the comprehensive assessment if the need for occupational therapy establishes program eligibility.</p> <p><b>(c) Standard: Drug regimen review.</b> The comprehensive assessment must include a review of all medications the patient is currently using in order to identify any potential adverse effects and drug reactions, including ineffective drug therapy, significant side effects, significant drug interactions, duplicate drug therapy, and noncompliance with drug therapy.</p> <p><b>(d) Standard: Update of the comprehensive assessment.</b> The comprehensive assessment must be updated and revised (including the administration of the OASIS) as frequently as the patient's condition warrants due to a major decline or improvement in the patient's health status, but not less frequently than—</p> <p>(1) The last five days of every 60 days beginning with the start-of-care date, unless there is a—</p> <p>(i) Beneficiary elected transfer;</p>	<p>be made by the appropriate rehabilitation skilled professional.</p> <p><b>(b) Standard: Completion of the comprehensive assessment.</b></p> <p>(1) The comprehensive assessment must be completed in a timely manner, consistent with the patient's immediate needs, but no later than 5 calendar days after the start of care.</p> <p>(2) Except as provided in paragraph (b)(3) of this section, a registered nurse must complete the comprehensive assessment and for Medicare patients, determine eligibility for the Medicare home health benefit, including homebound status.</p> <p>(3) When physical therapy, speech language pathology, or occupational therapy is the only service ordered by the physician, a physical therapist, speech-language pathologist or occupational therapist may complete the comprehensive assessment, and for Medicare patients, determine eligibility for the Medicare home health benefit, including homebound status. The occupational therapist may complete the comprehensive assessment if the need for occupational therapy establishes program eligibility.</p> <p><b>(c) Standard: Content of the comprehensive assessment.</b> The comprehensive assessment must accurately reflect the patient's status, and must include, at a minimum, the following information:</p> <p>(1) The patient's current health, psychosocial, functional, and cognitive status;</p> <p>(2) The patient's strengths, goals, and care preferences, including information that may be used to demonstrate the patient's progress toward achievement of the goals identified by the patient and the measurable outcomes identified by the HHA;</p> <p>(3) The patient's continuing need for home care;</p> <p>(4) The patient's medical, nursing, rehabilitative, social, and discharge planning needs;</p> <p>(5) A review of all medications the patient is currently using in order to identify any potential adverse effects and drug reactions, including ineffective drug therapy, significant side effects, significant drug interactions, duplicate drug therapy, and noncompliance with drug therapy.</p> <p>(6) The patient's primary caregiver(s), if any, and other available supports, including their:</p> <p>(i) Willingness and ability to provide care, and (ii) Availability and schedules;</p>
--	--

<p>(ii) Significant change in condition; or</p> <p>(iii) Discharge and return to the same HHA during the 60-day episode.</p> <p>(2) Within 48 hours of the patient's return to the home from a hospital admission of 24 hours or more for any reason other than diagnostic tests;</p> <p>(3) At discharge.</p> <p><b>(e) Standard: Incorporation of OASIS data items.</b> The OASIS data items determined by the Secretary must be incorporated into the HHA's own assessment and must include: clinical record items, demographics and patient history, living arrangements, supportive assistance, sensory status, integumentary status, respiratory status, elimination status, neuro/emotional/behavioral status, activities of daily living, medications, equipment management, emergent care, and data items collected at inpatient facility admission or discharge only.</p>	<p>7) The patient's representative (if any);</p> <p>(8) Incorporation of the current version of the Outcome and Assessment Information Set (OASIS) items, using the language and groupings of the OASIS items, as specified by the Secretary. The OASIS data items determined by the Secretary must include: clinical record items, demographics and patient history, living arrangements, supportive assistance, sensory status, integumentary status, respiratory status, elimination status, neuro/emotional/behavioral status, activities of daily living, medications, equipment management, emergent care, and data items collected at inpatient facility admission or discharge only.</p> <p><b>(d) Standard: Update of the comprehensive assessment.</b> The comprehensive assessment must be updated and revised (including the administration of the OASIS) as frequently as the patient's condition warrants due to a major decline or improvement in the patient's health status, but not less frequently than—</p> <p>(1) The last 5 days of every 60 days beginning with the start-of-care date, unless there is a—</p> <p>(i) Beneficiary elected transfer;</p> <p>(ii) Significant change in condition; or</p> <p>(iii) Discharge and return to the same HHA during the 60-day episode.</p> <p>(2) Within 48 hours of the patient's return to the home from a hospital admission of 24 hours or more for any reason other than diagnostic tests, or on physician-ordered resumption date;</p> <p>(3) At discharge.</p>
	<p><b>**§484.65 Condition of participation: Quality assessment and performance improvement (QAPI).</b></p> <p>The HHA must develop, implement, evaluate, and maintain an effective, ongoing, HHA-wide, data-driven QAPI program. The HHA's governing body must ensure that the program reflects the complexity of its organization and services; involves all HHA services (including those services provided under contract or arrangement); focuses on indicators related to improved outcomes, including the use of emergent care services, hospital admissions and re-admissions; and takes actions that address the HHA's performance across the spectrum of care, including the prevention and reduction of medical errors. The HHA must maintain documentary evidence of its QAPI program and be able to demonstrate its operation to CMS.</p> <p><b>(a) Standard: Program scope.</b> (1) The program must at least be capable of showing measurable improvement in indicators for which there is evidence that improvement in those indicators</p>

	<p>will improve health outcomes, patient safety, and quality of care.</p> <p>(2) The HHA must measure, analyze, and track quality indicators, including adverse patient events, and other aspects of performance that enable the HHA to assess processes of care, HHA services, and operations.</p> <p><b>(b) Standard: Program data.</b> (1) The program must utilize quality indicator data, including measures derived from OASIS, where applicable, and other relevant data, in the design of its program.</p> <p>(2) The HHA must use the data collected to—</p> <ul style="list-style-type: none"> <li>(i) Monitor the effectiveness and safety of services and quality of care; and</li> <li>(ii) Identify opportunities for improvement.</li> </ul> <p>(3) The frequency and detail of the data collection must be approved by the HHA’s governing body.</p> <p><b>(c) Standard: Program activities.</b> (1) The HHA’s performance improvement activities must—</p> <ul style="list-style-type: none"> <li>(i) Focus on high risk, high volume, or problem-prone areas;</li> <li>(ii) Consider incidence, prevalence, and severity of problems in those areas; and</li> <li>(iii) Lead to an immediate correction of any identified problem that directly or potentially threaten the health and safety of patients.</li> </ul> <p>(2) Performance improvement activities must track adverse patient events, analyze their causes, and implement preventive actions.</p> <p>(3) The HHA must take actions aimed at performance improvement, and, after implementing those actions, the HHA must measure its success and track performance to ensure that improvements are sustained.</p> <p><b>(d) Standard: Performance improvement projects.</b> Beginning January 13, 2018 HHAs must conduct performance improvement projects.</p> <p>(1) The number and scope of distinct improvement projects conducted annually must reflect the scope, complexity, and past performance of the HHA’s services and operations.</p> <p>(2) The HHA must document the quality improvement projects undertaken, the reasons for conducting these projects, and the measurable progress achieved on these projects.</p> <p><b>(e) Standard: Executive responsibilities.</b> The HHA’s governing body is responsible for ensuring the following:</p> <ul style="list-style-type: none"> <li>(1) That an ongoing program for quality improvement and</li> </ul>
--	---

	<p>patient safety is defined, implemented, and maintained;</p> <p>(2) That the HHA-wide quality assessment and performance improvement efforts address priorities for improved quality of care and patient safety, and that all improvement actions are evaluated for effectiveness;</p> <p>(3) That clear expectations for patient safety are established, implemented, and maintained; and</p> <p>(4) That any findings of fraud or waste are appropriately addressed.</p>
	<p><b>**§484.70 Condition of participation: Infection prevention and control.</b></p> <p>The HHA must maintain and document an infection control program which has as its goal the prevention and control of infections and communicable diseases.</p> <p><b>(a) Standard: Prevention.</b> The HHA must follow accepted standards of practice, including the use of standard precautions, to prevent the transmission of infections and communicable diseases.</p> <p><b>(b) Standard: Control.</b> The HHA must maintain a coordinated agency-wide program for the surveillance, identification, prevention, control, and investigation of infectious and communicable diseases that is an integral part of the HHA’s quality assessment and performance improvement (QAPI) program. The infection control program must include:</p> <p>(1) A method for identifying infectious and communicable disease problems; and</p> <p>(2) A plan for the appropriate actions that are expected to result in improvement and disease prevention.</p> <p><b>(c) Standard: Education.</b> The HHA must provide infection control education to staff, patients, and caregiver(s).</p>
	<p><b>**§484.102 Condition of participation: Emergency preparedness.</b></p> <p>The Home Health Agency (HHA) must comply with all applicable Federal, State, and local emergency preparedness requirements. The HHA must establish and maintain an emergency preparedness program that meets the requirements of this section. The emergency preparedness program must include, but not be limited to, the following elements:</p> <p><b>(a) Emergency plan.</b> The HHA must develop and maintain an emergency preparedness plan that must be reviewed, and updated at least annually.</p> <p>The plan must do all of the following:</p>

	<p>(1) Be based on and include a documented, facility-based and community-based risk assessment, utilizing an all-hazards approach.</p> <p>(2) Include strategies for addressing emergency events identified by the risk assessment.</p> <p>(3) Address patient population, including, but not limited to, the type of services the HHA has the ability to provide in an emergency; and continuity of operations, including delegations of authority and succession plans.</p> <p>(4) Include a process for cooperation and collaboration with local, tribal, regional, State, and Federal emergency preparedness officials' efforts to maintain an integrated response during a disaster or emergency situation, including documentation of the HHA's efforts to contact such officials and, when applicable, of its participation in collaborative and cooperative planning efforts.</p> <p><b>(b) Policies and procedures.</b> The HHA must develop and implement emergency preparedness policies and procedures, based on the emergency plan set forth in paragraph (a) of this section, risk assessment at paragraph (a)(1) of this section, and the communication plan at paragraph (c) of this section. The policies and procedures must be reviewed and updated at least annually. At a minimum, the policies and procedures must address the following:</p> <p>(1) The plans for the HHA's patients during a natural or man-made disaster. Individual plans for each patient must be included as part of the comprehensive patient assessment, which must be conducted according to the provisions at § 484.55.</p> <p>(2) The procedures to inform State and local emergency preparedness officials about HHA patients in need of evacuation from their residences at any time due to an emergency situation based on the patient's medical and psychiatric condition and home environment.</p> <p>(3) The procedures to follow up with on-duty staff and patients to determine services that are needed, in the event that there is an interruption in services during or due to an emergency. The HHA must inform State and local officials of any on-duty staff or patients that they are unable to contact.</p> <p>(4) A system of medical documentation that preserves patient information, protects confidentiality of patient information, and secures and maintains the availability of records.</p> <p>(5) The use of volunteers in an emergency or other emergency staffing strategies, including the process and role for</p>
--	--

integration of State or Federally designated health care professionals to address surge needs during an emergency.

**(c) Communication plan.** The HHA must develop and maintain an emergency preparedness communication plan that complies with Federal, State, and local laws and must be reviewed and updated at least annually. The communication plan must include all of the following:

(1) Names and contact information for the following:

- (i) Staff.
- (ii) Entities providing services under arrangement.
- (iii) Patients' physicians.
- (iv) Volunteers.

(2) Contact information for the following:

- (i) Federal, State, tribal, regional, or local emergency preparedness staff.
- (ii) Other sources of assistance.

(3) Primary and alternate means for communicating with the HHA's staff, Federal, State, tribal, regional, and local emergency management agencies.

(4) A method for sharing information and medical documentation for patients under the HHA's care, as necessary, with other health care providers to maintain the continuity of care.

(5) A means of providing information about the general condition and location of patients under the facility's care as permitted under 45 CFR 164.510(b)(4).

(6) A means of providing information about the HHA's needs, and its ability to provide assistance, to the authority having jurisdiction, the Incident Command Center, or designee.

**(d) Training and testing.** The HHA must develop and maintain an emergency preparedness training and testing program that is based on the emergency plan set forth in paragraph (a) of this section, risk assessment at paragraph (a)(1) of this section, policies and procedures at paragraph (b) of this section, and the communication plan at paragraph (c) of this section. The training and testing program must be reviewed and updated at least annually.

(1) Training program. The HHA must do all of the following:

- (i) Initial training in emergency preparedness policies and procedures to all new and existing staff, individuals providing services under arrangement, and volunteers, consistent with their expected roles.
- (ii) Provide emergency preparedness training at least annually.
- (iii) Maintain documentation of the training.
- (ii) Demonstrate staff knowledge of emergency procedures.

(2) Testing. The HHA must conduct exercises to test the emergency plan at least annually. The HHA must do the following:

- (i) Participate in a full-scale exercise that is community-based or when a community-based exercise is not accessible, an individual, facility-based. If the HHA experiences an actual natural or man-made emergency that requires activation of the emergency plan, the HHA is exempt from engaging in a community-based or individual, facility-based full-scale exercise for 1 year following the onset of the actual event.
- (ii) Conduct an additional exercise that may include, but is not limited to the following:
  - (A) A second full-scale exercise that is community-based or individual, facility based.
  - (B) A tabletop exercise that includes a group discussion led by a facilitator, using a narrated, clinically-relevant emergency scenario, and a set of problem statements, directed messages, or prepared questions designed to challenge an emergency plan.
- (iii) Analyze the HHA's response to and maintain documentation of all drills, tabletop exercises, and emergency events, and revise the HHA's emergency plan, as needed.

**(e) Integrated healthcare systems.** If a HHA is part of a healthcare system consisting of multiple separately certified healthcare facilities that elects to have a unified and integrated emergency preparedness program, the HHA may choose to participate in the healthcare system's coordinated emergency preparedness program. If elected, the unified and integrated emergency preparedness program must do all of the following:

- (1) Demonstrate that each separately certified facility within the system actively participated in the development of the unified and integrated emergency preparedness program.
- (2) Be developed and maintained in a manner that takes into account each separately certified facility's unique circumstances, patient populations, and services offered.
- (3) Demonstrate that each separately certified facility is capable of actively using the unified and integrated emergency preparedness program and is in compliance with the program.
- (4) Include a unified and integrated emergency plan that meets the requirements of paragraphs (a)(2), (3), and (4) of this section. The unified and integrated emergency plan must also be based on and include all of the following:
  - (i) A documented community-based risk assessment, utilizing an all-hazards approach.
  - (ii) A documented individual facility based risk assessment for each separately certified facility within the health system,

	<p>utilizing an all-hazards approach.</p> <p>(5) Include integrated policies and procedures that meet the requirements set forth in paragraph (b) of this section, a coordinated communication plan and training and testing programs that meet the requirements of paragraphs (c) and (d) of this section, respectively.</p>
